FOTOFEST BIENNIAL 2020

The Meeting Place
Registered Photographers Index

SESSION 2
MARCH 13 - 16, 2020
For the last 34 years, since FotoFest formalized the portfolio review process for photographic artists, hundreds of photographers from every continent have come to Houston eager to put their images in front of decision makers, looking for an opportunity to have their work exhibited and published.

For the past 16 years, inspired by Photolucida, FotoFest has compiled indexes of images by all the artists attending the Meeting Place. These participating photographic artists come from dozens of countries and cultural backgrounds. As reflected in this index, the artists express themselves in many photographic mediums and genres, representing their varied interests and life experiences.

This index includes an image, website, and email address for each of the FotoFest Meeting Place 2020 artists registered in Session 2. We hope you will use this index as a visual reference and a reminder of the artwork that was shown at the reviews.

Like you, we share a passion and love for the photographic arts, and are grateful to everyone who has contributed great amounts of time and effort to make the FotoFest Meeting Place 2020 a success. We appreciate the reviewers for their generosity in sharing their expertise, the artists for sharing their work, our interns and volunteers for their enthusiasm and willingness to work so hard with us, and our colleagues, as well as the FotoFest Board of Directors, for their unwavering support.
